

□ CAMP ILLAHEE—"THE HOME CAMP" □

Illahee, in the beautiful Indian tongue, means "A Home by the Lake."

Camp Ilahee was established to furnish a suitable place for the normal girl to find an opportunity to answer the call of the Great Outdoors, with its fresh air, sunshine, wholesome recreation, and still retain the gentleness and refinement we rightly associate with the word Home.

Camp Ilahee is a Camp with a purpose; a Camp with ideals; a modern, thoroughly equipped Camp. Absolutely private, but not secluded or inaccessible.

A strong, healthy, natural life under superior leadership and near to nature cannot fail to develop in the growing girl such traits as self-reliance, comradeship and co-operation. Thus the long and usually waste months of Summer are transformed into golden hours of opportunity and achievement.

Money spent in such a Summer Camp is not an expense, but a well-paying investment.
